

# Captain of the Day For Friendly Matches

Make sure that everyone has been ticked off on the team sheet.

If someone is not available, arrange for a reserve to play, or ring a member to play.

If the weather is bad on the day, liaise with the opposing captain to decide if the friendly game will take place. If cancelled ring tea team and arrange for the skips to ring each of their rinks.

Write out our score cards and for Home matches insert tea/coffee slip into each score card holder.

With their captain, pair up our cards with their cards (captains usually play together) and try and pair lady skips together.
